

STORM | 22

is far more than just a "weekend boat"

Storm 22 is a small yacht which dimensions are carefully designed to offer many possibilities keeping cost reasonable.

Modern vertical bow and wide scoop stern are a compromise between kindliness and speed. A large and carefully profiled cockpit is a characteristic of this boat.

Cabin is equipped in 4 comfortable berths with storage compartments underneath, galley and a chemical toilet.

90% inclination – cockpit still dry.

Her dimensions are carefully thought out. It offers basic comfort and great sailing enjoyment and at the same time can be towed by an average car (weight with trailer 1350 kg).

STORM | 22

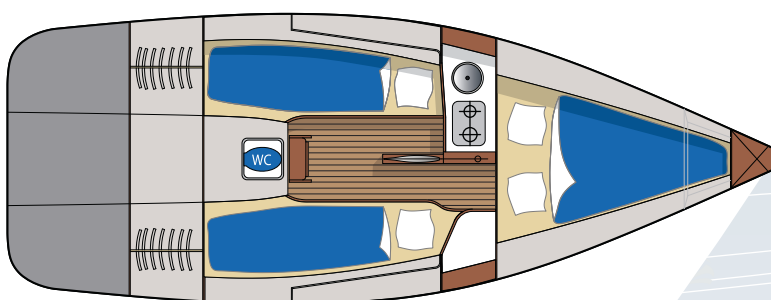

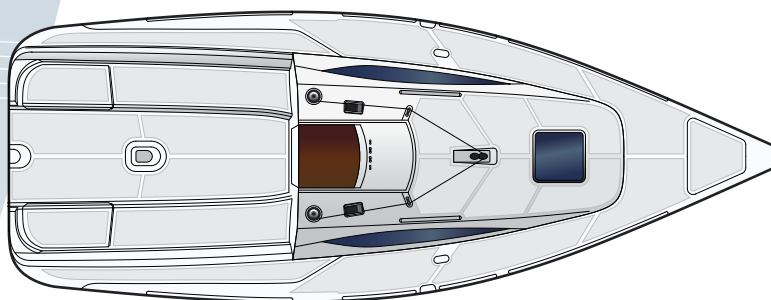

Cruiser version is equipped with centreboard. This version is safe and easy to sail. It is well suited for small tourism and teaching purposes. After lifting centreboard it will reach every shore and thanks to low weight it is easily towed by an average car.

Sport version is equipped with bigger sail on a taller mast and lift keel /heavy daggerboard/.

Offering sporty experience it is well suited for leisure sailing, match racing and class racing. Lift keel makes this version suitable for offshore sailing.

In both versions this full of temperament yacht will satisfy sailors for who in sailing, sailing is the most important!

Salt Water version is equipped with lift keel like sport version and ballast at the bottom, but the mast stands lower and the sails are small, like in the standard version. In this configuration yacht satisfies high safety requirements, allowing safe sailing in salt water to B6 and sea state 4B. We strive to allow sailors to customise this yacht to their exact needs.
